Project Members:

HAKAN İREN

SELÇUK ATAGÜN

Advisor: PROF. DR. ERDOĞAN DOĞDU

# Contents

1. Company Information
2. Problem
3. Analysis
4. Solution
5. Results and Conclusion
6. References
7. Demo

# Company Information

- Turk Telekom, Turkey's leading communication and convergence technologies company, successfully continues to sustain its mission of providing Turkey with the latest communication Technologies.
- Turk Telekom provides IPTV, Satellite TV, Web TV, Mobile TV, Smart TV services. At the same time, it has 100% of online education softwares, call center, wholesale data and capacity service provider Türk Telekom International and its affiliates.

# Problem

- In many companies, projects are still being offered via paper and are progressing manually. This situation causes too much paper waste and slowing down of jobs.
- Many of the project management systems prevent the end-user from operating comfortably due to the complexity of the interface and the difficulty of following up on increasing projects.

# Problem

- None of the project management systems, there is no factor that enables projects to be completed or accelerated.
- It is very difficult to add interpersonal assignment and new project requirements to the system in most of the project management systems.

# Analysis

- Speed Problem
  - The aim is to accelerate ongoing work on paper by transferring it to digital media. Making it easily accessible.

# Analysis

- Complexity and Assign Problem
  - Project management systems should be easy to use and functional. Users should increase their activities on projects. User must assign between contacts. The aim is to make it easy to use and to get maximum speed. In addition, new features can be added.

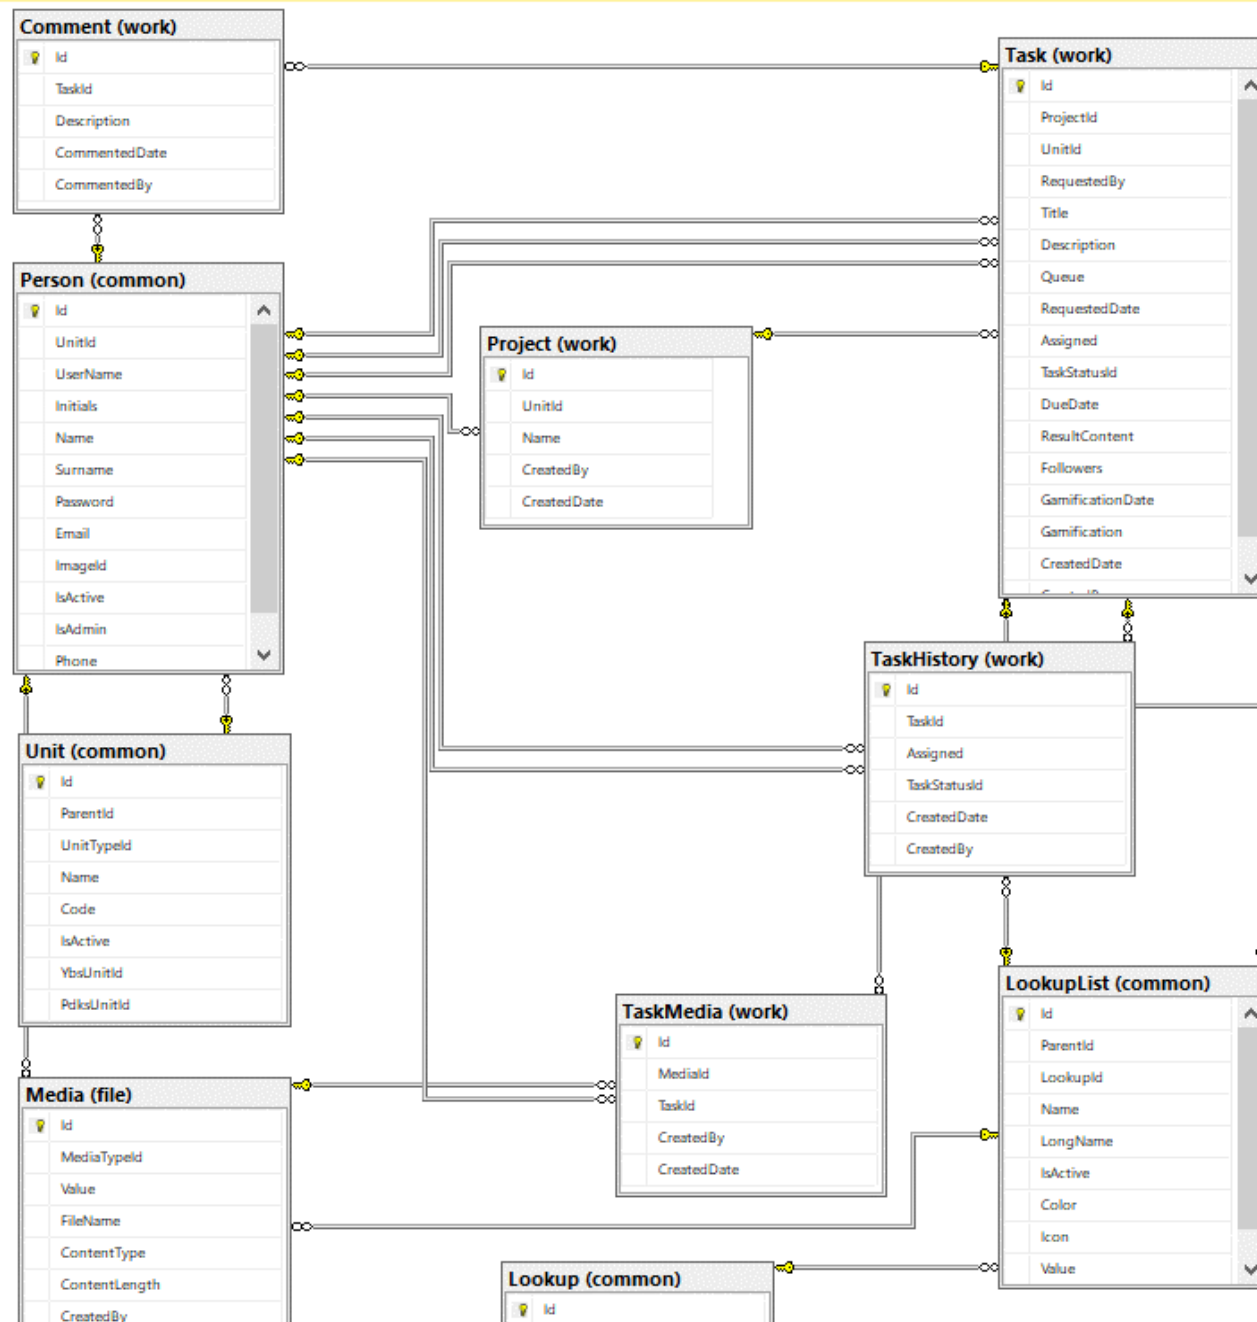

# Solution

Staff
1.Staff enters Login
2.if staff has an account
*Login
else
create request for registration admin
enter staff login
3. If user want to create new project
* fill necessary fields
* Save
else
go to select menu
4. Staff select catagory List
5. If user want to view active working projects
go to Active project
else
go to step 4
5. If user want to change project status
go to my business table
change status project
Drag the project to relative field
else
go to step 4
7. Update staff
go to user list
update releative field
save

System Admin
1.Project Management System Login
2.View Home Page
3. if My Business table
*select Project
*Edit,upade,remove Project
else
*to do
*continious
*Complated
go to step 3

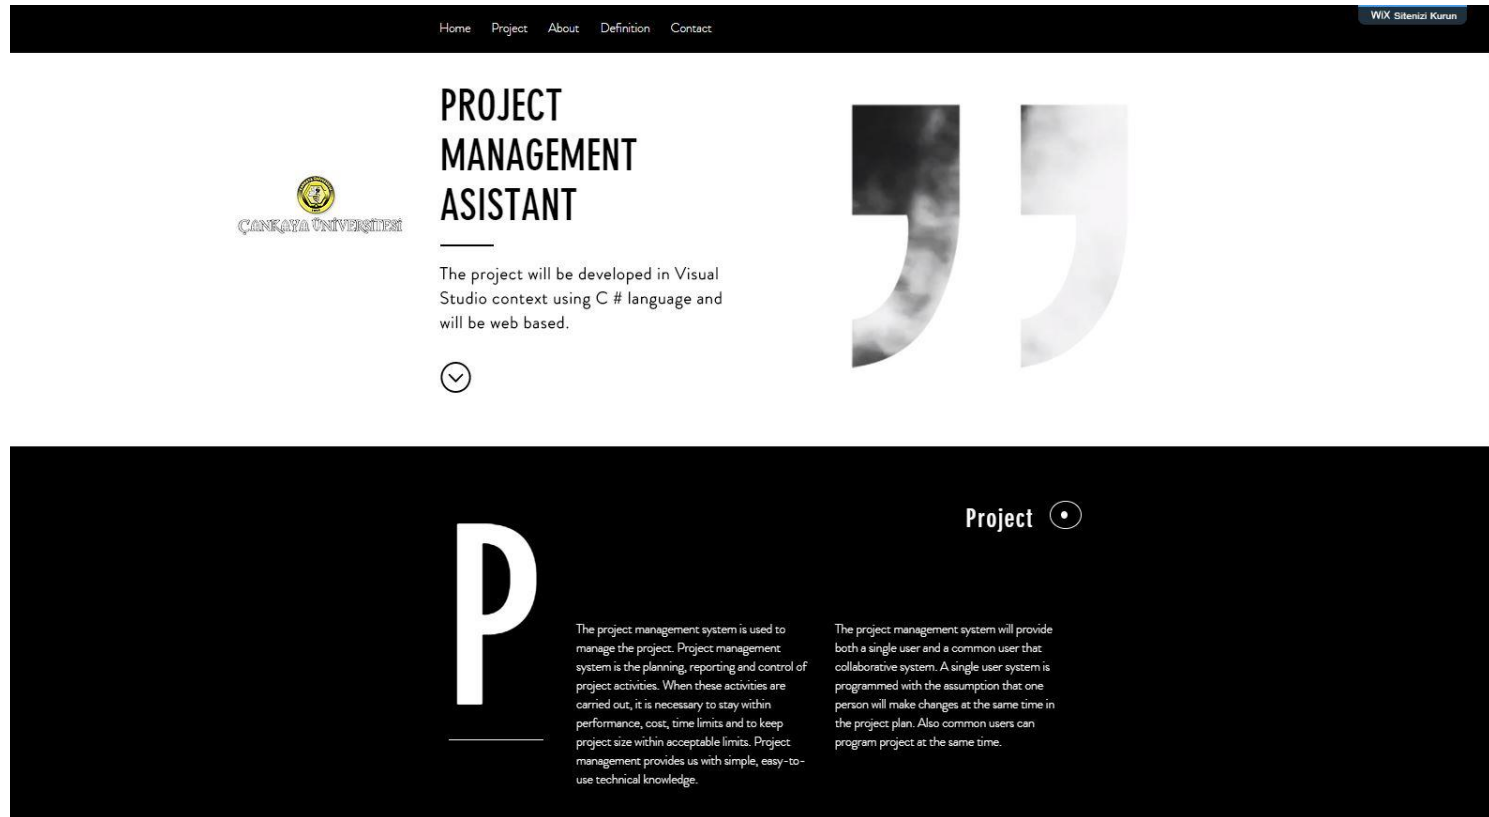

# Solution

# Results and Conclusions

- As a result, this project management assistant will be preferred by the companies regarding rewarding system that will encourage the users, ease of use, and assign among people.
- The project is especially wanted to be used by Turk Telekom which we are still working on and will be used more actively and further used.
- Advantages,
  - Reward system
  - Easy interface
  - Assigning between contacts
  - Easy project tracking and reporting.

# Login Page

The screenshot shows a web browser window with the title 'Login | Portal'. The address bar displays 'localhost:4452/login?redirectUrl='. The main content area has a solid blue background. In the center, the text 'Project Management Assistant' is displayed in white. Below this, the names 'Hakan İren' and 'Selçuk Atagün' are listed. A white login form is centered on the page, containing the following elements:

- A heading: 'Enter your information to sign in'
- A 'Username' input field with a user icon on the left.
- A 'Password' input field with a lock icon on the left.
- A 'Remember me' checkbox.
- A red 'Login' button.

# Home Page

The screenshot displays the 'Project Management Assistant' web application. The browser's address bar shows 'localhost:4452/Dashboard/Index'. The application has a blue header with the title and a 'Logout' button. A left sidebar contains a user profile for 'SELÇUK ATAGÜN' and a menu with items like 'Home', 'Project Management', 'My Business Table', 'Active Project', 'Users List', 'Admins', and 'Reports'. The main content area features a grid of colorful tiles for various project management tasks, each with a 'Follow Project' label. The footer includes the copyright notice '© 2018 Hakan İren- Selçuk Atagün'.
